Consequently, as the carport will still enable more than 3 hours of sunlight to the front habitable room of the adjacent dwelling and is therefore considered acceptable in this instance.

6.9.6 The proposal complies with the performance criterion.

6.10 Historic Heritage Code - Heritage Precinct E 13.8.2 Buildings and Works other than Demolition

6.10.1 There is no acceptable solution for E 13.8 2.

6.10.2 The proposal includes a carport located within the frontage of the dwelling in a Heritage Precinct New Town 12.

6.10.3 There is no acceptable solution; therefore assessment against the performance criteria is relied on.

6.10.4 The performance criteria at clause E 13.8 2 provide as follows:

P1 Design and siting of buildings and works must not result in detriment to the historic cultural heritage significance of the precinct, as listed in Table E13.2.

P2 Design and siting of buildings and works must comply with any relevant design criteria / conservation policy listed in Table E13.2, except if a heritage place of an architectural style different from that characterising the precinct.

P3 Extensions to existing buildings must not detract from the historic cultural heritage significance of the precinct.

P4 New front fences and gates must be sympathetic in design, (including height, form, scale and materials), and setback to the style, period and characteristics of the precinct.

P5 The removal of areas of landscaping between a dwelling and the street must not result in the loss of elements of landscaping that contribute to the historic cultural significance or the streetscape values and character of the precinct.

6.10.5 The proposal has been assessed by Council's Cultural Heritage Officer, who makes the following comments:
